This performance celebrates the magic of STEAM (Science, Technology, Engineering, Arts, and Math). This event will be roughly 45 minutes in length with no intermission. It is designed for elementary aged youth (in particular grades 2-5) but could easily be modified for older or younger youth. All activities work to support a variety of literacy and STEM standards.

The Nutcracker Ballet tells the story of a young girl, a heroic prince, and the fantastic dream they share. Professional dancers Tanya Lynn Trombly and Fredrick Davis will join local Iowa dancers to perform in a Reader's Theatre style performance. Trombly and Davis will perform the roles of the Sugar Plum Fairy and Cavalier, respectively.
